LRSNG is delighted to host:

from Syria with love

An exhibition and talk with **Baraa Ehssan Kouja**

The exhibition features artwork by children living in refugee camps. There is also a book, and voices telling stories from the camps – these include children talking about their past, their present, their future as it seems to them, their dreams and their feelings

Thursday 29th June Liberty Suite above Jerichos

**Come along to understand the Syrian crisis through the words of refugee
Baraa Ehssan Kouja, founder of From Syria With Love.**

Exhibition opens Midday. Baraa will be available throughout – do drop in anytime to browse the exhibition. There is the opportunity to buy the artwork or book for a donation.

Talk and show starts 7pm. Baraa will tell his personal story. This is a unique opportunity to hear directly what the refugee experience is like for those being displaced.

From Syria With Love is a registered charity (#116963) and all donations go directly to refugee camps in Syria.

It is from camps in Syria that our Government resettlement scheme draws its clients – LRSNG is working towards resettling at least one family in Launceston. **This event is an important chance to hear some background to the family who will eventually arrive here. Syria is not so different to our home...**
